THE PARTY

PREAMBLE

The Youth Party is made up of individuals and groups that seek to serve and unite Nigerians. We intend to develop and improve the standard of living of all Nigerians.

The control of the State and positions within the State establishments, with its vast relative wealth, has become the principal means of emerging out of poverty and into material wealth in Nigeria. Consequently, politics is largely driven by self-interest at the expense of public service and national interest.

Power is sought, not as a means to national development, but as an end in itself. As a result, there is a wide gap between the rich and the poor. Most importantly, there is insufficient safety net for the poor in terms of basic social amenities like health care, social housing and decent basic education. The Youth Party believes in service-oriented political leadership for a New Nigeria.

Similarly, the high stakes for the control of power, amassing of personal wealth and the advancement of the interest of extended families and communities does not encourage detachment, equanimity or commitment to the rules of the democratic game. The inordinate concern for power and the resources available to those in power are too intense to allow for compromise and defeat.

Thus, there is little support for democracy by other parties as a set of sacred principles and values but for what the system could produce for them; resulting in corruption, repression and lack of commitment to the democratic system.

The Youth Party espouses transparent political leadership and followership that eschews money politics, bribery, violence, rigging, repression and corruption.

Also, there is little understanding of the institutional role of political opposition in competitive democracy: the political parties have sacrificed discourse on important socio-economic issues at the altar of politics, negative propaganda and violence. And, where the appreciation of the role exists by top political elite, they are often overwhelmed by the anti-democratic culture of incumbent governments, insecurity and distrust, fostered by a bloated federal system, the competition between the ethnic groups and the huge electoral stakes for people in search of a better life. As a result, politics is avoided by well-meaning citizens of the country and left in the hands of professional politicians.

The Country needs new political leaders with deep sense of public service and commitment to high standards of integrity and austerity in place of acquisitiveness and exhibitionism to root out

corruption, apathy and haphazardness in development planning that obstructed rapid and broad based development.

The Youth Party is dedicated to forging unity and serving Nigerians by adhering to genuine democratic values. The Nigerian youth have shown exceptional capacity in several areas of public affairs and private business.

AIMS & OBJECTIVES

(a) To support and advance the cause of democracy as a set of sacred principles and values by shunning violence, money politics, bribery, ethnic and religious divisive politics.

(b) To develop an equitable society, where the gap between the rich and poor is not too wide to the extent of constituting a security risk, with the provision of basic social amenities, particularly decent health, social housing and basic education for the poor.

(c) To develop political leaders and ideas that focus on public service and national interest with commitment to high standards of integrity and austerity in place of acquisitiveness and exhibitionism to discourage corruption and apathy.

(d) To engage, when not in government, in effective opposition role with focus on ideas that would advance the socio-economic development of Nigeria.

(e) To create a new Nigerian personality which would reflect patriotism, altruism, transparency and commitment to due process, and rule of law in governance, industry and other spheres of our national life.

(f) To create a new Nigerian personality which would reflect patriotism, altruism, transparency and commitment to due process, and rule of law in governance, industry and other spheres of our national life.

(g) To devolve powers equitably between the Federal, State, and Local Governments in the spirit of federalism;

NOW THEREFORE, WE, MEMBERS OF THE YOUTH PARTY, for the purpose of effective administration and the promotion of the ideals and objectives of our Party HEREBY ENACT AND GIVE TO OURSELVES the following Constitution –
